**WHY SANY
WHEEL LOADERS?**

LOADED UP AND READY FOR WORK.

The SANY SW305K and SW405K are rugged, reliable, multipurpose machines designed to deliver power and productivity. These machines are the glue that keeps worksites together, performing the smaller tasks that keep things moving. But make no mistake—SANY wheel loaders are no lightweights. The robust, efficient and fully loaded standard features provide peak performance and ease of operation, all while keeping costs at a minimum. SANY's wheel loaders feature Deutz engines, locking differentials, standard third-function auxiliary plumbing and a JRB-style quick coupler on the SW305K. It's everything you need, nothing you don't.

MULTIPURPOSE POWERLIFTER

When you need a versatile machine to support your operations, you want a wheel loader. These wheel loaders will move more loads, more quickly. With a lifting power of 30,000 pounds for the SW305K and 40,000 pounds for the SW405K, and with bucket capacities of up to nine cubic yards, expect these high-power lifters to pull their own weight. Their articulated frame give them a tight turning radius, giving them great maneuverability in tight spaces and keeping productivity high.

KEY FEATURES ||| SW305K, SW405K

FLEXIBILITY

All SANY wheel loaders come with standard third-function auxiliary plumbing. A JRB-style quick coupler on the SW305K provides the flexibility to shift between a wide range of accessories ranging from pallet forks to snow plows and hay handlers.

COMFORT

With a low learning curve, comfortable spacious cabs, air-ride heated seats and adjustable controls, the SANY wheel loaders are easy to operate. The SW305K comes with a standard 360° camera for enhanced operator visibility.

VALUE

These rugged, reliable machines are equipped with EH joystick control, return to dig, ride control system, and a 360 degree camera.

INDUSTRY-LEADING WARRANTIES

To provide peace of mind and ensure maximum uptime, SANY wheel loaders are backed by a 5-year/5,000-hour industry-leading standard warranty.

SUPPORT

SANY offers outstanding aftermarket support. Our network of local dealers will partner with you for routine maintenance and will be there for warranty repairs.

A PRODUCTIVE SPACE FOR OPERATORS

Ensuring a comfortable environment that keeps operators alert is our goal, and we've met that challenge with our spacious cabs, comfortable seats and intuitive controls. With these aspects, you can be sure that productivity will go through the roof every time in your SANY machine.

BEHIND THE WHEEL

Operators know that wheel loaders are the most versatile machines on the jobsite, wearing many hats and picking up the slack to ensure that bigger machines can do their jobs in a timely fashion. Whether they're moving earth, timber or whatever you're handling, wheel loaders keep the jobsite running like a finely tuned machine. But they also have all the safety features needed to keep operators and crew safe.

PERFORMANCE

Material handling is not a problem for our wheel loaders. The single EH joystick control keeps things simple and easy to operate, while the automatic kickdown makes going into piles easy and bucket kickout takes away the guesswork. Self leveling buckets keep the machine ready for the next task without operator input, and they prevent bucket sway. Both the SW305K and SW405K feature ride control, ensuring that the wheel loaders' suspension makes for a better quality of ride and increases productivity.

SAFETY

When we say SANY machines are fully loaded, that includes safety features, too. Brighter beacon and bright LED light package illuminate the ground, while the unobstructed view of the bucket gives operators and folks on the ground a better view of what's going on. But don't worry – if operators need a better view, the 360° backup camera has it all covered.

SERVICE, VALUE & SIMPLE OPERATION

EASE OF SERVICE

When we say that SANY machines are built to endure, we're really talking about service. SANY equipment is intentionally designed to be easily and efficiently serviced with features such as wide compartment doors and ground-level access to make maintenance more efficient. Because ease of service means back in service.

LOAD. LIFT. REPEAT.

When you need a machine that's built for power, productivity and performance, you want a SANY wheel loader on your team. We're proud to offer fully loaded machines that are built to get the job done, and the SW305K and SW405K are no exception. SANY wheel loaders deliver uncomplicated performance and multipurpose productivity. They have everything you need to support your operations with efficiency and speed.

RELIABILITY

Reinforced structures and features like automatic kickdown and ride control keep the integrity of the machine strong, both structurally and mechanically.
