

SANY

THE **GOLDEN** CHILD

STH844A TELEHANDLER

SIMPLE TO OPERATE **EASY TO SERVICE**

SANY's telehandler family is expanding, and the STH844A is our biggest addition this year. Situated in the mid-size category and well-suited for jobs both large and small, it's the versatile team player every jobsite needs, with a great build, easy-to-handle controls and outstanding user experience.

A black telescopic boom forklift is shown against a clear blue sky. The boom is extended upwards and to the left, with its two prongs visible. The base of the boom is yellow. The text "VERSATILE", "AGILE", and "COMPACT" is overlaid in white, bold, sans-serif font, centered vertically and horizontally.
